DATA CLEARING VENDOR PERFORMANCE 2017

ROCCO

From March to May 2017 ROCCO conducted a global Survey for Mobile Network Operators on Data Clearing asking them to rate Vendors on over 35 Performance and Leadership KPIs.

MNOs who rated the vendors in the Research receive a free Executive Summary Report showing how all Vendors performed and other strategic insights.

124 Participants

117 Countries

183 MNOs

14 MNO Groups

10 Vendors Selected by Operators

The Tier One Data Clearing Vendors of 2017 in alphabetical order are:

With key words from Operators used about their performance

Comfone

MNOs describe Comfone as "Simple", "Customer Orientated" and "Quality"

Data Clearing

Starhome MACH

MNOs describe Starhome MACH as "Experienced", "Flexible" and "Reliable"

Data Clearing

The results which determine the tiers are calculated across four ratings, Performance, Performance on key Data Clearing Criteria, Leadership and Overall rating. Only MNOs are allowed to take part in the Survey.

Our Strategic Analysis Report shows how all Vendors performed including all the tiers and overall Vendor rankings and is available to buy at www.roamingconsulting.com
